

# MARINE ORNITHOLOGY

Vol. 19 No. 2

ISSN 1018-3337

1991

## CONTENTS

	Pages
M.R. JURY. Anomalous winter weather in 1984 and a seabird irruption along the coast of South Africa	85-89
G.G. ROBERTSON. Some field techniques for ecological research on Emperor Penguins <i>Aptenodytes forsteri</i>	91-101
D.P. CYRUS. The influence of turbidity on the foraging behaviour of Little Terns <i>Sterna albifrons</i> off the St Lucia mouth, Zululand, South Africa	103-108
P.J. SEDDON. An ethogram for the Yelloweyed Penguin <i>Megadyptes antipodes</i>	109-115
A. KATO, J.P. CROXALL, Y. WATANUKI & Y. NAITO. Diving patterns and performance in male and female Blue-eyed Cormorants <i>Phalacrocorax atriceps</i> at South Georgia	117-129
 SHORT COMMUNICATIONS	
G. PUNTA & J. SARAIVIA. A newly discovered colony of Southern Giant Petrels <i>Macronectes giganteus</i> in Isla Gran Robredo, Chubut Province, Argentina	131-133
D. BERTEAUX. Long range movement of a Cape Gannet <i>Morus capensis</i> in the southern Indian Ocean	134-135
F. GENEVOIS & O. CHASTEL. An Antarctic Fulmar <i>Fulmarus glacialisoides</i> feeding on land	136-138
R.I. DE SILVA. A new specimen of the Subantarctic Skua <i>Catharacta antarctica lonnbergi</i> from Sri Lanka	139
J.L. ORGEIRA & O.N. FOGLIATTO. The Blacknecked Swan <i>Cygnus melanocoryphus</i> in Antarctica	140-143
P.J. SEDDON & R.J. SEDDON. Chromosome analysis and sex identification of Yelloweyed Penguins <i>Megadyptes antipodes</i>	144-147
C.J. DU PLESSIS, P.J. SEDDON, Y.M. VAN HEEZIK & N.J. ADAMS. Aspects of the incubation period of the King Penguin <i>Aptenodytes patagonicus</i> at Archway Bay, Marion Island	148-151
International Ornithological Congress Standing Committee for Coordination of Seabird Research: minutes of 1990 meeting	153-155
 REVIEW	 152
