Received 19 May 1995, accepted 30 June 1995

### SUMMARY

WOEHLER, E.J., PHILLIPS, C.M. & COOPER, J. 1995. Publications and theses on Antarctic and sub-Antarctic birds, 1994. *Marine Ornithology* 23: 147–151.

A total of 107 scientific publications and theses on Antarctic and sub-Antarctic birds for 1994 is listed by author. This annual list is produced by the Bird Biology Subcommittee of the Scientific Committee on Antarctic Research (SCAR) Working Group on Biology as a service to marine ornithologists.

### INTRODUCTION

In 1986, the Bird Biology Subcommittee of the Scientific Committee on Antarctic Research (SCAR) Working Group on Biology recommended that a list of recent publications on Antarctic and sub-Antarctic seabird species from 1986 onwards be prepared.

The 1994 list, the ninth to be produced and published in *Marine Ornithology*, has been compiled by scanning the relevant literature and abstracting services, and by correspondence with members of the subcommittee. Readers are requested to send reprints of their recent relevant literature, including ones missing from this or previous lists, to the authors for inclusion in subsequent lists.
