If possible, papers should be submitted both as Adobe Portable Document Files (.pdf) and as MSWord documents (for editing). If you are unable to submit work in electronic format, please contact an editor for advice.

Photographs:
Photographs should be submitted as high definition bitmaps (.jpg, .tif). We encourage the submission of relevant, optional black and white photographs that can be used as space-fillers, if the opportunity arises.

Captions:
Captions for figures (which include graphs, maps and photographs) must be listed on a separate page, numbered in the order in which they are to appear.

References:
References should be listed at the end of the paper in alphabetical order of the first author’s name. Special care must be taken to ensure that they are written in the style used in Marine Ornithology.

Species Names:
English names of species should be capitalized (e.g. White-chinned Petrel) but not the name of a group of species (e.g. petrels). Scientific names of genera and species—but not family names—and foreign words should be italicized. Trivial names may be used only when a word is known and essential to the text. Both English and scientific names must be cited when a species is first mentioned but thereafter only one need be used. Metric units, decimal points and the 24-hour clock are to be used and dates expressed in the form 31 January 1947.

After Acceptance:
Page proofs will be sent to the senior author and must be carefully checked and returned within five days of receipt.

Page charges:
A contribution of US$300 printed page for papers and short communications accepted is requested from authors who have institutional funds or grants that cover publication costs. If pages are printed in colour, a non-waivable charge of US$100/page is required (no charge is levied for colour used at the website). If the contributor is already paying the US$30 page charge, colour will be included for an extra US$30/page. Additional charges may be requested if figures have to be redrawn because papers are available for download from the website free of charge, reprints are not supplied.
