Contents

FORUM

- HATCH, S.A. Seabird databases and the new paradigm for scientific publication and attribution 1–6

CONTRIBUTED PAPERS

- DIVOKY, G.J. & HARTER, B.B. Supernormal delay in hatching, embryo cold tolerance and egg fostering in the Black Guillemot *Cephus grylle* 7–10
- BLIGHT, L.K., BERTRAM, D.F., WILLIAMS, T.D. & COWEN, L. Interannual variation in egg neglect and incubation routine of Rhinoceros Auklets *Cerorhinca monocerata* during the 1998–1999 El Niño / La Niña events 11–15
- CREUWELS, J.C.S., ENGELHARD, G.H., VAN FRANEKER, J.A., VAN DER VEER, W., HASPERHOVEN, J.G. & RUITERMAN, W. Foraging strategies of Antarctic fulmarine petrels 17–22
- RONCONI, R.A., SWAIM, Z.T., LANE, H.A., HUNNEWELL, R.W., WESTAGE, A.J. & KOOPMAN, H.N. Modified hoop-net techniques for capturing birds at sea and comparison with other capture methods 23–29
- WICKLIFFE, L.C. & JODICE, P.G.R. Seabird attendance at shrimp trawlers in nearshore waters of South Carolina 31–39
- WILLIAMS, C.T. & BUCK, C.L. Spatial and temporal variation in Tufted Puffin *Fratercula cirrhata* nestling diet quality and growth rates 41–48
- PISTORIUS, P.A., HUIN, N. & CROFTS, S. Population change and resilience in Gentoo Penguins *Pygoscelis papua* at the Falkland Islands 49–53

SHORT NOTES

- BALDASSIN, P., SANTOS, R.A., DA CUNHA, J.M.M., WERNECK, M.R. & GALLO, H. Cephalopods in the diet of Magellanic Penguins *Spheniscus magellanicus* found on the coast of Brazil 55–57
- CLOKIE, L. & COOPER, J. Brown skuas *Stercorarius antarcticus* incubate a Macaroni Penguin *Eudyptes chrysolophus* egg at Marion Island 59–60
- ELIZONDO, P. & SANDOVAL, L. Caribbean records of Long-tailed Jaeger *Stercorarius longicaudus* from Costa Rica 61–62

REVIEWS

- BURGER, A.E. The Princeton Encyclopedia of Birds (C. Perrins, ed.) 63
- DIAMOND, A.W. An Inventory of the Breeding Seabirds of the Caribbean (by P.E. Bradley & R.L. Norton) 63–64
- KILDAW, S.D. Long-Term Ecological Change in the Northern Gulf of Alaska (R.B. Spies, ed.) 65
- MILLER, G.D. The Biology of Polar Regions (by D.N. Thomas, G.E. Fogg, P. Convey, C.H. Fritsen, J.-M. Gili, R. Gradinger, J. Laybourn-Parry, K. Reid, & D.W.H. Walton) 66–67
